Stakeholder Pledge

I, _____, pledge to support the Clean Energy Coalition and its goals to:

1. Facilitate the development of cost effective market transformation projects and programs to maximize the effective use of clean energy technologies.
2. Increase public understanding of the benefits and application of clean energy technologies.
3. Evaluate and document the effects of its efforts and use generated information to improve future efforts.

I understand that my support of these goals is voluntary. As part of my or my organization's support of these goals, I/we will (check all that apply):

- Evaluate clean transportation technologies (alternative fuels and vehicles, idle reduction, fuel economy, or hybrids) for use in my personal or fleet operations.
- Evaluate clean energy technologies (wind, solar, hydro, geothermal, energy conservation, or energy efficiency) for use in my home or business building operations.
- Volunteer for the Clean Energy Coalition.
- Help grow Michigan's clean energy infrastructure through the development of clean energy projects and/or their manufactured and designed components.
- Attend a Clean Energy Coalition promotional/educational event (Earth Day, Green Fair, etc.).
- Educate others or otherwise assist in the marketing of clean energy technologies.
- Other (please describe): _____
